**Re: Henderson Development, Permit No. M1980110  
1st Quarter 2025 Groundwater Monitoring Data Acceptance**

Dear Mr. Slack,

On March 28, 2025, the Division of Reclamation, Mining and Safety (Division) received the quarterly groundwater report and elevation data for the Henderson Development/Sandy Acres Pit.

Per the approved Groundwater Monitoring Plan in Technical Revision 6, the Operator is required to sample six groundwater monitoring wells (MW-1-MW-6) and submit the data quarterly. The Division reviewed and accepts the groundwater level data submitted.

Thank you for continuing to inform the Division of the groundwater mitigation work at the site. If you have any questions regarding this permit, please contact me via email at [nikie.gagnon@state.co.us](mailto:nikie.gagnon@state.co.us) or by phone at (720)527-1640.

Sincerely,

Nikie Gagnon  
Environmental Protection Specialist
