**RE: West of Maybell Pit - File No. M-1979-142,
Surety Release Request (SL-2)
Request for Full/Final Release Request**

Dear Bill McDermott:

On April 4, 2025, the Division of Reclamation, Mining and Safety received your 112c Construction Materials Reclamation Permit Surety Release Request application for the West of Maybell Pit, which is located in Moffat County. Preliminary review of the information received determined that the following additional information must be received before the Division can consider your application complete and technical review can begin. Thus, your application is incomplete for the purposes of filing as of April 4, 2025.

1. Pursuant to Rule 4.17.1, the Surety Release Application is missing the requirement of Rule 4.17.1(2), "The Operator shall include in the notice to the Office the names and addresses and phone numbers of all owners of record to the affected land". According to the Moffat County Accessor website (screenshots attached below) the owners of record of the affected land are the BLM and State of Colorado. Please provide an updated page 2 of the Surety Release application which includes the names and addresses of these entities.

You have thirty (30) days from April 4, 2025 to submit all necessary documents that the Division needs for the application to be considered filed. If, at the end of the thirty day period, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me by telephone at (720) 868-7757, or by email at Hunter.ridley@state.co.us.
