RE: Quarterly Update on Mid-Continent Quarry BLM Plan of Operations Modification

Dear Ms. Yeldell,

This letter serves as the Mid-Continent Quarry BLM Plan of Operations Modification quarterly update from RMR Aggregates, Inc. (RMRA) to the Colorado Division of Reclamation, Mining, and Safety (CO DRMS) for the period of January 1, 2025 to March 31, 2025. During the first quarter of 2025, the BLM issued a decision related to the Determination of Common Variety (DCV). The decision stated that our permit allows us to mine and sell limestone to be used in locatable end uses. The BLM responded to our plan of operations modification with a list of items needing clarification.

Please let me know if you require additional information related to this quarterly update.

Sincerely,

Robert T. Wagner
VP, Engineering
