RE: Climax Molybdenum Company, Henderson Mill, Permit No. M-1977-342, Technical Revision No. 37, Groundwater Management Plan Revision; Approval of 2nd Decision Date Extension

Dear Ms. Gagnon:

On December 17, 2024, Henderson submitted a request for a Technical Revision (TR-37) to the Henderson Reclamation Permit for approval of an update to the Groundwater Management Plan. On December 19, 2024, the Division of Reclamation, Mining, and Safety (Division) confirmed the filing of the Technical Revision application, and the review period began from December 17, 2024, to a decision date of January 16, 2025. On January 15, 2025, Henderson submitted an extension request to extend the review period from January 16, 2025, to February 15, 2025. On February 4, 2025, the Division provided Henderson with an adequacy review letter with a decision date of February 15, 2025. On February 12, 2025, Henderson submitted a decision date extension request to extend the decision date from February 15, 2025, to April 16, 2025.

Henderson is formally requesting a 30-day extension to the decision date for Technical Revision 37. This would extend the decision date from April 16, 2025, to May 16, 2025.

Please let us know if you have any questions.

Sincerely,

Ben Bates
Senior Environmental Engineer
Henderson Operations
Climax Molybdenum Company
