**Re: Bowie No. 2 Mine, File No. C-1996-083,
Potential release of a portion of the mine and related inspection**

Dear Sir or Madam:

My office has received an application from Bowie Resources, LLC for a bond release related to a portion of the Bowie No. 2 Mine. Part of the process for a bond release application includes an inspection of the site. We coordinate with surface landowners for these inspections, and in this case that includes Legacy Ranches, LLC. The area related to your property includes four pads for gob vent boreholes. They are in or near the southeast corner of Section 6, Township 13 South, Range 91 West (6th Principal Meridian).

To coordinate a date and time for the inspection (I am aiming for June 24th or 25th), please contact me by telephone at 720-601-2276, or by email at Rob.zuber@state.co.us.

Alternatively, please write back indicating that no representative of your company wishes to attend the inspection.

Thank you,

Robert D. Zuber, P.E.
Environmental Protection Specialist
