***RE: The Quarry L.L.C., File No. M-2025-021 , Receipt of Incomplete 110c Application Package***

Mr. Councilman:

On April 14, 2025, the Division of Reclamation, Mining and Safety (Division) received the above referenced application package. A preliminary review of the application determined that the following items must be received before the Division can consider the application complete for the purpose of filing, and technical review can begin:

**1. Rule 6.3.7 Exhibit G – Source of Legal Right to Enter**

Provide documentation of the legal right to enter to conduct mining and reclamation, for Owners of Record described in Rule 1.6.2(1)(e)(i). This may include a copy of a lease, deed, abstract of title, a current tax receipt, or a signed statement by the Landowner(s) and acknowledged by a Notary Public stating that the Operator/Applicant has legal right to enter to conducting mining and reclamation.

*Your application states that proof of ownership (property tax statement, property tax receipt) is attached, but the attachment is missing.*

**2. Rule 6.3.9 Exhibit I – Proof of Filing with County Clerk**

Provide an affidavit or receipt indicating the date on which the application was placed with the local County Clerk and Recorder for public review, pursuant to Rule 1.6.2(1)(c).

**3. Rule 6.3.10 Exhibit J – Proof of Mailing of Notices to Board of County Commissioners and Conservation District**

Provide proof that notice of the permit application was sent to the Board of County Commissioners and, if the mining operation is within the boundaries of a Conservation District, to the Board of Supervisors of the local Conservation District, pursuant to Rule 1.6.2(1)(a)(ii).

The application cannot be filed until all information listed above is received and found sufficient to begin our review. Please submit all necessary documents in order to address the above listed deficiencies within sixty days. If, at the end of the sixty day period, the application is still incomplete, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. Once the application is filed the Division will review the application in order to determine whether it is adequate to meet the requirements of the Colorado Land Reclamation Act for the Extraction of Construction Materials (Act) and the associated Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials (Rules).

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

***Dustin Czapla***
