RE: M-2011-054 – DeBeque Pit Stockpile Seeding Corrective Action

Dear Amy,

During our site inspection on September 24, 2024, you noted a problem regarding the lack of established vegetation on the topsoil stockpiles. This issue has been addressed by seeding the stockpiles. The seeding was completed on 01/01/2025 and was done by hand seeding. We will continue to monitor the area and seed as needed when new topsoil is stockpiled.

If you have any questions or require additional information, please feel free to reach out.

Sincerely,

Tyra Bartuska
