**Re: O'Dwyer - File No. M-2002-017
Lincoln County
Surety Release Request (SL-1)
Request for Full/Final Release Request**

Dear Ty Stogsdill:

On April 30, 2025 the Division of Reclamation, Mining and Safety concluded its review of the Surety Release Request application submitted to the Division on April 7, 2025, addressing the following:

This is a request for full release of the 9.3 acre O'Dwyer Pit, a 110c aggregate operation operated by Lincoln County.

The decision reached by the Division is: Approve.

I am pleased to inform you that the Division of Reclamation Mining and Safety has determined that Lincoln County is eligible for release from further responsibility for the O'Dwyer. In accordance with Rule 4.17.2(5), the Division is required to wait thirty (30) days from this notice to allow for appeal of the Division's decision. Once this period closes, if no appeal is submitted the Division will issue the final decision on the release request in writing and the Performance Warranty and Financial Warrant(ies) on file will be returned in separate correspondence from the Division.

The Mined Land Reclamation Board and the Division staff wish to commend Lincoln County for your reclamation efforts and the resulting success.
