**Re: Best Rock Sand & Gravel Pit 1, Permit M-2019-018;
Technical Revision No. 1 (TR-01), request to change operation name;
Notice of incomplete application**

Dear Mr. Seaton:

On April 30, 2025, the Division of Reclamation, Mining and Safety (Division) received your request (TR-01) to change the operation name for Best Rock Sand & Gravel Pit 1 (Permit No. M-2019-018). A review of the packet determined that payment of the fee must be received before the Division can consider the application complete. A check in the amount of \$216 must be sent and made payable to *Colorado Division of Reclamation, Mining and Safety*.

You have thirty (30) days from the date of this letter (by June 30, 2025) to send the check for the application to be considered filed. If, at the end of the 30-day period, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after the application has been determined to be complete and filed.

If you have any questions, please contact me at Rob.Zuber@state.co.us or by calling (720) 601-2276.

Thank you,
