**RE: Section 7 Consultation  
Peabody Sage Creek Mine Permit No. C2009087**

Dear Ms. Kawcak;

The Division consulted with Mr. Ruebens at the U.S. Fish and Wildlife service regarding a required section 7 consultation in association with Permit Renewal 3 RN3. DRMS received the RN application on 19 February 2025 and deemed it complete on 20 February 2025. Adequacy was sent to you on 10 April 2025. The decision date is 20 June 2025.

In order for USFWS to concur with the permitting action the following is required from you:

Confirmation that Peabody Sage Creek Mining LLC has done it's due diligence according to Rule 2.04.11 (1)-(4) and provided an updated list and statement of why or why not threatened and endangered species may or may not be present at the Sage Creek Site. For your convenience a species list can be researched here

<https://ecos.fws.gov/ipac/>

Please provide this information to DRMS by 13 May 2025 so that DRMS can forward the information on to Mr. Ruebens for review in advance of the decision date.

Sincerely,

Robin Reilley M.S. GISP  
Environmental Protection Specialist II
