RE: Request for Extension of Decision Date for 112 Permit Amendment Application
SITE: Fort Lupton Sand and Gravel, DRMS Permit # M-1999-120

Dear Ms. Gagnon:

The applicant, L.G. Everist, Inc., requests to extend the decision date of the 112 Permit Amendment Application for Fort Lupton Sand and Gravel, DRMS Permit # M-1999-120. The applicant would like to extend the decision date for the above-named permit application from its current decision date of May 9, 2025 to a new decision date of June 27, 2025.

This extension will give the applicant additional time to complete the additional adequacy requirements, additional time for the Division to review, and also to finalize bond calculations. Of course, we hope everything will be completed weeks before the new date, but if more time is needed, we will file another extension request prior to the new revised decision date of June 27, 2025.

If you have any questions regarding this decision date extension request, feel free to reach out to Steve O'Brian or me at the emails and telephone numbers listed below. Thank you.

Sincerely,

Lynn Mayer Shults
