RE: Buss Pit M2019-021 Inspection Issue Resolution

Ms. Carter,

I have spoken with the landowner regarding the confusion on the lease. In Section 4 on page 3, the Ingress and Egress portion of the agreement allows for entry until full reclamation has been accomplished. I also spoke with the landowner regarding his requests for areas that he'd like to have additional grass seed planted and rocks removed. This information has been given to the United Companies and is now on their list for reclamation activities.

You can find a copy of the lease on the DRMS Laserfische website:

The section for right of entry is on page 38 of the document.

Sincerely,

Jodi Schreiber
