Amendment (AM-1)  
Boundary Adjustment**

Dear Keith Woodring:

On May 12, 2025, the Division of Reclamation, Mining and Safety received your 112c Construction Materials Reclamation Permit Amendment application for the Jolly Pit, which is located in Las Animas County. Preliminary review of the information received determined that the following additional information must be received before the Division can consider your application complete and technical review can begin. Thus, your application is incomplete for the purposes of filing as of May 15, 2025.

The Applicant has submitted an incorrect application form. Additionally, the submission is missing Exhibits A-S and missing Addendum 1.

You have sixty (60) days from May 15, 2025 to submit all necessary documents that the Division needs for the application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me by telephone at (720) 836-0967, or by email at [amber.gibson@state.co.us](mailto:amber.gibson@state.co.us).
