Re: Surety Increase (SI-2), Riveras Excavation Gravel Pit, Permit No. M-2004-053

Dear Mr. Rivera:

On May 15, 2025, the Division of Reclamation, Mining and Safety (Division/DRMS) increased the required surety for this permit to \$11,849.00 in accordance with Rule 4.2.1 of the Rules and Regulations. This increase in required surety is based on the April 2025 Inspection and documentation of reclamation tasks submitted on May 13, 2025. The Division currently holds a Financial Warranty in the amount of \$8,226.22. Therefore, the resultant surety increase is \$3,629.69.

On this date, the Division orders amendment of the current financial warranty or submittal of a new financial warranty reflecting the surety increase within 60 days from May 15, 2025.

Please make arrangements with Sara M. Stevenson-Benn at the Division's Denver office for submittal of the financial warranty. Any other questions regarding completion, execution and/or submittal of the financial warranty forms should be directed to Sara M. Stevenson-Benn by telephone at (303) 866-3567, or by email at sara.stevenson-benn@state.co.us

The Permittee for this site may be scheduled for a formal board hearing for a possible violation if the surety increase is not provided in full.
