Good afternoon. I would like to ask for an extension for our current bond increase. I take responsibility for this falling through the cracks and me not fully understanding the process of what was entailed in having to get a new bond. C&J Gravel is currently working as fast as we can to secure a new updated bond. When we talked on the phone Dustin had mentioned that it could be possible to get a 30 day extension to help achieve this process. Can we get a 30 day extension? Thanks

Hank Boschert
