**CO DRMS**

Dear Mr. Chris Girardi,

In response to your letter dated May 13, 2025 regarding the Abandonment Report for CO DRMS NOI P-2024-011 for the Passiflora project, Below are the answers for your questions;

1. The hole depth was 3,752 feet.
2. The coordinates for the hole are UTM zone 13 4460215, 4224181 (NAD83).
3. The sump pits were refilled with excavated material and the top soil was replaced using the drillers back hoe /front end loader. A skid steer was used to re-contour and seed was distributed with a hand seed spreader.

Please let me know if you have additional questions.

Best regards,

Harald
