**RE: Request for Extension of Decision Date for 112 Permit Amendment Application**  
**SITE: Ragsdale Reservoirs, DRMS Permit # M-2020-007**

Dear Ms. Gagnon:

The applicant, L.G. Everist, Inc., requests to extend the decision date of the 112 Permit Amendment Application for Ragsdale Reservoirs, DRMS Permit # M-2020-007. The applicant would like to extend the permit decision date for the above-named permit application from its current decision date of May 28, 2025 to a new decision date of June 30, 2025.

This extension will give the applicant additional time to complete adequacy requirements, additional time for the Division to review, and also to finalize bond calculations. Of course, we hope everything will be completed before the new date, but if more time is needed, we will file another extension request prior to the new revised decision date of June 30, 2025.

If you have any questions regarding this decision date extension request, feel free to reach out to Steve O'Brian or me at the emails and telephone numbers listed below. Thank you.

Sincerely,

Lynn Mayer Shults
