RE: M1981044 Solberg Gravel, Technical Revision Application for TR-02 - Mine Plan Map Revision

Ms. Ridley,

Holcim is submitting the following information as Technical Revision #02 (TR02) for the Solberg Gravel Pit.

TR02 requests the revision of the Exhibit C Mine Plan Map from Amendment 3 (2022) of the permit. This revision serves to clarify Holcim's mining activities along the north portion of the site. As indicated on the revised Exhibit C Mine Plan Map (attached), mining of this approximately 11 acre area will progress from south to north. The revised mining area is all within the current affected area boundary.

Enclosed for the Division's approval is the updated Exhibit C-2 Mine Plan Map.

Please let me know if you have any questions during your review.

Thank you,
