Re: Sedgwick County Construction Borrow Area, File No. M-2025-012, Possible Violation, Corrective Action Due Date Extension Approval

Dear Mr. Campbell,

On May 28, 2025, the Division of Reclamation, Mining and Safety (Division/DRMS) received your request to extend the corrective action due date for the following possible violation identified in the Division's March 25, 2025 inspection report:

INSPECTION TOPIC: Off-site Damage

POSSIBLE VIOLATION: Failure to first obtain a reclamation permit from the Mined Land Reclamation Board (MLRB) before engaging in a new mining operation as required by C.R.S. 34-32.5-109(1).

CORRECTIVE ACTIONS: By the corrective action due date, an appropriate construction material reclamation permit application must be submitted to the Division to cover, at a minimum, the current lands affected by the mining operation. If the application is not received by the deadline, the Division will issue a "Reason to Believe a Violation Exists and Notice of Board Hearing" letter for the possible violation, and a hearing before the MLRB will be scheduled for consideration of this matter.

NEW CORRECTIVE ACTION DUE DATE: July 6, 2025

The Division has approved your extension request, giving the new corrective action due date listed above.

Please be advised, the Division will not approve any additional extension requests for this corrective action. If the required permit application is not submitted by July 6, 2025, enforcement actions will be pursued.

If you require additional information, or have questions, please feel free to contact me by phone at (720) 812-2002, or by email at joel.renfro@state.co.us.

Sincerely,

Joel Renfro
Environmental Protection Specialist
