EXTERNAL EMAIL

Good afternoon,

The Division received your timely objection from May 16, 2025, to the Cogburn Sand, Gravel, and Reservoir project 112c reclamation permit application, File No. M2025-016. Please see the attached letter to this email for more information regarding the objection process.

Additionally, per Rule 1.7.1(2)(a), the Division requires a mailing address for this objection. Although this objection is considered timely, you will not be considered a party until the requirements of this rule are met. You can just respond with a mailing address to this email, and I will add it to the permit file.

Please let me know if you have any questions.

Best,

Joel Renfro
