***RE: Sooner Lucky Strike Mine and Mill, Permit # M-1982-020, Permit Updates Required***

Dear Mr. Harrington,

The Division of Reclamation, Mining and Safety (Division) periodically reviews permit files to ensure they remain compliant with the requirements of the *Colorado Mined Land Reclamation Act* (Act) and the associated *Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for Hard Rock, Metal, and Designated Mining Operations* (Rules). During review of your permit, it was determined that certain exhibits require updating. The following exhibits have not been updated since permit issuance in 1982 and no longer adequately meet the requirements of the Act and Rules:

1. Exhibit D – Reclamation Plan (Rule 6.3.4)
2. Exhibit E – Reclamation Plan Map (Rule 6.3.5 (3))

Please develop a current Reclamation Plan and Reclamation Plan Map that adequately addresses the requirements of Rule 6.3.4 and 6.3.5 (3). Within 90 days, please submit the updated exhibits to the Division as a Technical Revision to the permit.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dustin Czapla'.
