

No significant changes.

- Lot A&B - Reclaimed, awaiting growth and release
- Lot B(S) - Mined out, being reclaimed
- Lot C,E - Currently being mined with some areas being reclaimed (graded/backfilled)
- Lots D,F - At final grade, plant /stockpile site
- Lots E (S) G, H - previous disturbance, storage, stockpiles, not being actively worked or reclaimed in 2025.

Approximate limits of affected land (excavated and not reclaimed) at this time. Black line outlines the current working/plant area.

Planned conversion from 110c to 112c in 2024 was delayed but anticipated in 2025-26, adding 10-12 acres to South of existing operations.

Scale and access roads also serve non-mining activities.
