Good morning Julie,

I wanted to reach out and let you know that we received the Technical Revision (TR) and Temporary Cessation (TC) applications on June 2, 2025, for this permit. After reviewing the Rules and Regulations regarding TC, the Division has determined that it is not appropriate to submit such a request because there are no lands disturbed by the operation within the permit area. With no lands needing reclamation at this time, you are not under any deadline for starting operations or reclaiming. The withdrawal request can be sent to me via email, when the Division receives the withdrawal request, the \$144 fee payment will be returned.

Let me know if you have any questions or concerns.

Thanks.
Jocelyn
