**Re: Best Sand & Gravel Pit 1, Permit M-2019-018,  
Receipt of Corrective Action Documentation**

Dear Mr. Seaton:

The Division received a response to a Compliance Problem cited in the Division's report from the inspection that was conducted on November 14, 2024. The status of the corrective action regarding the cited problem is as follows.

**Compliance Problem, Compliance with Mine Plan: The mining schedule in Exhibit D should be updated to more accurately reflect current conditions.**

This problem is resolved because of the submittal of Technical Revision No. 2 (TR-02), which updates Exhibit D.
