Amber, Good morning.

With all the rains causing messes everywhere I priorities have been road and bridge repair , and a few sick days I was unable to get the corrective actions completed. I am asking for another extension for the Sandoval pit. I am going on a well needed vacation at the end of June into the 4th of July weekend. So I was wondering to get an extension into August to get this completed.

Keith Woodring

Thanks Keith,

Attached is a copy of the Division's extension request approval notice. The corrective action date has been extended to June 14, 2025.

Have a nice weekend!
