Receipt of Corrective Action Documentation**

Dear Mr. Seaton:

The Division received a response to Compliance Problems cited in the Division's report from the inspection that was conducted on May 6, 2025. The status of the corrective actions regarding the cited problems are as follows.

This problem is resolved because of the submittal of photographs showing new markers (correspondence June 26, 2025).

Compliance Problem, Topsoil: Topsoil stockpiles are susceptible to erosion.

This problem is resolved because of the submittal of photographs showing berms around piles (correspondence June 26, 2025).
