**Re: Henderson Mine – File No. M-1977-342
Annual Water Monitoring Report Acceptance**

Dear Mr. Hickman,

On May 30, 2025, the Division of Reclamation, Mining and Safety (Division) received the annual Water Monitoring Report for the Henderson Operations.

In accordance with Section 7.1 of the Henderson Operations Groundwater Management Plan (GWMP) approved on July 25, 2012, as Technical Revision 16, the operator is required to sample monitoring locations at the Henderson Mine and Mill on a triannual basis and submit all monitoring data to the Division with the annual report. The Division reviewed and accepts the 2024 water monitoring data submitted.

If you have any questions, please contact me at nikie.gagnon@state.co.us or (720)527-1640.

Sincerely,

Nikie Gagnon
Environmental Protection Specialist
