Hello Phil,

Thanks for the update. If the amendment application is ready to be deemed complete by the MLRB/Board Ordered date of the 16th, we should be okay. If it must be deemed incomplete by that date, we may need to arrange to go before the Board to request an extension. I'll consider this email your extension request to extend the incompleteness deadline from July 14th to July 15th and will update it in our system and in the permit file.

Thank you,
