RE: Jackrabbit Gravel Quarry, File No. #M-2025-028 – Responses to Adequacy Review

Dear Mr. Jesse,

River City Consultants, Inc. has responded to your review comments on behalf of the applicant, Mr. Ed Seymour. Please see our responses to your comments below, along with the updated submittal package for our full application for a second review. The sheets listed below in the responses to comments have been updated, all other sheets remain the same from the first submittal draft. Please let us know if you have any additional questions or comments that we can address.

Thank you,

A handwritten signature in black ink, appearing to read "Dillon Foster", with a long horizontal flourish extending to the right.

CDPHE Adequacy Review 1 Comments:

Exhibit C

1. Per 6.2.1(2)(b) & 6.2.1(2)(c) maps must be signed by a qualified person and dated. Please sign and date Exhibits C-1, C-3, C-4 & C-5.

Response: Maps C1-5 and F1 have been signed and dated by Dillon Foster, P.E., with River City Consultants. Please see the updated submittal package for Review 2.

2. Per 6.4.3(b) the names of all roads within 200 ft must be provided. Exhibits C-1 and C-4 show a road to the north of the pad where the access road originates. Please provide the name of this road.

Response: This has been discussed and decided upon to label the adjacent roads as 'Private Access Roads' due to the roads not being public or having official names. Both sheets C1 and C4 are updated. Please see the updated submittal package for Review 2.

Exhibit D

3. Per 6.4.4(f)(ii) please identify the stratum immediately beneath the material

Response: See Section 1 paragraph 4 of Exhibit D for stratum explanation. Overall, this is located in the Uinta Formation which is a terrestrial stratum.

Exhibit E

4. Per Rule 6.4.5(2)(f)(v) please provide an anticipated minimum depth of topsoil to be replaced.

Response: A topsoil depth range of 1-4 inches has been added to Exhibit E. Please see the updated submittal package for Review 2.

Exhibit R

5. No signature is on the receipt indicating that the application was filed with the local County Clerk and Recorder. Please provide a signed and dated receipt indicating the date on which the application was placed with the Clerk and Recorder.

Response: The signed receipt form has been included with this updated submittal package for Review 2. Please see Exhibit R-1.

Public Notice

6. Per 1.6.5(2) please provide proof of Public Notice publication. Proof may consist of either a copy of the last newspaper publication, to include the date published, or a notarized statement from the paper.

Response: The Official Ad Proof is included in the updated submittal package for Review 2. Please see Addendum 1.
