Good Morning Mr. Congdon,

Yes, Leigh has been in the field this week and will not be back to the office until Monday. So I'll go ahead and get your extension request approved.

The Division has approved your request received on 7/24/2025 to extend the decision date for the Brown Quarry application (File No. M-2024-023) by 7 days, moving the decision date from July 29, 2025 to **August 5, 2025**.

I understand you emailed some maps to Leigh last night. He can review those when he returns next week and let you know if the adequacy items have been addressed. I should note, I did not see your answer to his question #27 (in the 7/16/2025 adequacy review #3 letter) about the fencing and power poles that will be removed for reclamation. He will need that information to calculate the bond estimate. So if you haven't already submitted that information, please get that to him before next week so he can review it with the other materials.

Best Regards,

Amy Eschberger  
Senior Environmental Protection Specialist
