DECISION

Natural Soda LLC
3200 County Road 31
Rifle, CO 81650

Sodium Use Permit Modification and Additional Use Permits Granted

On February 18, 2025, the Bureau of Land Management (BLM) received a request from Natural Soda LLC (NS) to modify existing use permit COC011998602, associated with lease COC011998601, to remedy non-conforming legal land descriptions. Application was made for the following described lands:

From:

Sixth Principal Meridian, Colorado

T. 1 S., R. 98 W.

20 acres within Section 34, Lot 1

20 acres within Section 36, Lot 4

Containing 40 acres.

To:

Sixth Principal Meridian, Colorado

T. 1 S., R. 98 W.

Section 34, Lot 1

Containing 39 acres.

Additionally, NS requested the issuance for new permits associated with leases COC0118326 and COC0118627 to continue to accommodate the existing 15H-17H well pad and access roads. Application was made for the following described lands:

COCO106715412

Sixth Principal Meridian, Colorado

T. 1 S., R. 98 W.

Section 36, Lot 4

Containing 38.72 acres

COCO106718823

Sixth Principal Meridian, Colorado

T. 1 S., R. 98 W.

Section 36, Lot 3

Containing 38.76 acres

The BLM determined that the modification and issuance of new permits qualified as a National Environmental Policy Act (NEPA) categorical exclusion under 516 DM 11.9, F-8. On February 21, 2025, the BLM White River Field Office signed a Decision Record stating that no extraordinary circumstances apply, and the proposed action conforms to the White River Record of Decision and Resource Management Plan.

First year rental has been received with the applications. Subsequent annual rental in the amount of \$116.48 shall be submitted to the Office of Natural Resources Revenue (ONRR), for use of the surface as described in 43 CFR 3516.20.

Bonds covering surface disturbance associated with these use permits are coordinated with and maintained by the Colorado Division of Reclamation and Mining and Safety. The BLM's bonding requirements to cover royalty and rent, as outlined in 43 CFR 3504.50, have also been met. Therefore, no additional bonding is required at this time. However, in accordance with 43 CFR 3504.60, the required bond amount may be adjusted if deemed necessary.

The BLM has found all requirements to be met and hereby modifies use permit COC011998602 and grants use permits COCO106715412 and COCO106718823.

Appeal Rights

This decision may be appealed directly to the Interior Board of Land Appeals (IBLA), Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the information found in Form 1842-1.

Questions pertaining to this offer may be directed to the Leasable Mineral team at BLM_COSO_COAL_NEL@blm.gov.
