RE: Request for Extension of providing the bond increase for the Lucky Strike Mine and Mill permit #M-1982-020

Dear Mr. Czapla,

I am writing this request to you on behalf of the Lucky Strike Mine and Mill operations to request a extension in time to provide the increased bond on permit #M-1982-020. A rather difficult and strenuous event has temporarily stopped Mr. Joseph Harrington, The Operator from being able to provide the additional bond. Please know that Mr. Harrington has reached out to his financial board to work on securing this increase and it will be provided as soon as possible to keep the permit in good standing. As you know the site operations are currently in care and maintenance status and all other compliances will continue to be maintained and kept. Thank you for your understanding of this matter and request.

Best Regards

A handwritten signature in blue ink, appearing to read 'Jake Wilkinson', with a stylized flourish at the end.
