RE: M-2009-082 Response to Adequacy Review No. 2 for TR-2

Dear Mr. Lennberg:

Please accept this letter as our request to extend the decision date from August 1, 2025 to September 15, 2025. We had some final revisions to Exhibit C and F come up yesterday and then we will have to recalculate Exhibit L. We should have a response back to you in 10 days and then I added additional time for you to review.

Give me a call (970-407-3631), if additional information is needed at this time.

Sincerely,

A handwritten signature in black ink that reads "Julie Mikulas".

Getting close to submitting our adequacy review comments but realized our acreages were not adding up. We didn't have the easements for the construction of the accel/decel lane in and the acreage for Phase 1 will decrease with the setbacks. Tetra Tech is thinking they need a week to fit into their schedule.

Thanks, Julie
