To whom it may concern,

In regards to Peat Mine Permit M-1994-081.

At this time, we would like to formally request an extension on the decision due date of August 6, 2025 for the Technical Revision (TR-2) submitted. An extension would allow us to clarify and update all inadequacies stated in the Division's Preliminary Adequacy Review of TR-2.

Please note we are NOT requesting any further extension on the due date for the second half of the Surety Increase due September 6, 2025.

Thank you for your consideration,
