**Re: Approval of Extension Request of Decision Date for TR-2
Peat Mine, Permit No. M-1994-081**

Mr. Garrison:

On July 7, 2024, the Division of Reclamation, Mining and Safety ("Division" or "DRMS") received a request for a Technical Revision (TR-2) for the Peat Mine, file no. M-1994-081, seeking to update the mining plan to reflect existing site conditions and clarify the proposed activities as requested by DRMS. The Division sent a Preliminary Adequacy Review Letter on July 25, 2025, and received a request to extend the decision date for TR-2 from the Mortensen's Landscape & Irrigation, LLC on August 4, 2025.

The Division hereby provides approval of an extension of the decision date to **September 19, 2025**.

Please be aware that the Division will recommend denial of the revision if outstanding adequacy issues remain when the decision date arrives.

If you have any questions, please contact me by telephone at (720) 793-3041, or by email at chris.girardi@state.co.us.

Sincerely,

Chris Girardi
