Minor Revision MR-230: L-Pit Highwall Mining Areas

Dear Ms. Reilley:

Enclosed is a copy of a Minor Revision (MR-230) which includes revisions to Maps M10A and M10B to include additional highwall mining areas within the L-Pit area. These areas were previously demonstrated on the attached maps but were omitted in the PR-12 application. They have been slightly revised to reflect the current pit highwalls and potential highwall mining areas. With this update, there will be an additional 12.7 acres of affected area but no new acres of surface disturbance.

Materials necessary for this MR have been included and attached as listed below:

Map M10A, Sheet 3
Map M10B, Sheet 3

Please get back to us with any questions, comments or concerns.

Sincerely,

Graham Roberts
Environmental Supervisor
