Re: Surety Increase (SI-2), CDR Pit, Permit No. M-2006-059

Dear Mr. Trujillo:

On August 22, 2025, the Division of Reclamation, Mining and Safety (“Division” or “DRMS”) increased the required surety for this permit to \$15,357 in accordance with Rule 4.2.1. This increase in required surety is based on the June 2025 Inspection and documentation of reclamation tasks submitted on July 31, 2025. The Division currently holds a Financial Warranty in the amount of \$12,048. Therefore, the resultant surety increase is \$3,309.

On this date, the Division orders amendment of the current financial warranty or submittal of a new financial warranty reflecting the surety increase within 60 days from August 22, 2025.

Please make arrangements with Sara M. Stevenson-Benn at the Division’s Denver office for submittal of the financial warranty. Any other questions regarding completion, execution and/or submittal of the financial warranty forms should be directed to Sara M. Stevenson-Benn by telephone at (303) 866-3567, or by email at sara.stevenson-benn@state.co.us

The Permittee for this site may be scheduled for a formal board hearing for a possible violation if the surety increase is not provided in full.

Current Financial Warranty Held:	\$12,048.00
Prior Reclamation Liability Amount:	\$12,048.00
Revised Reclamation Liability Amount:	\$15,357.00
Change in Reclamation Liability Amount:	\$3,309.00

If you have any questions, please contact me by email at chris.girardi@state.co.us.

Sincerely,

Chris Girardi
