**Re: Extension Request Approval No. 1, Problem Citation Corrective Action Due Date,
Kurtz Resource Recovery Land Development Project, Permit No. M-1999-006**

Dear Mr. Varra,

On August 25, 2025, the Division of Reclamation, Mining and Safety received your request to extend the corrective action due date for submitting an amendment application to update and clarify the currently approved mining and reclamation plans to reflect existing and proposed activities at the site from August 31st to October 24th, 2025. **The Division hereby approves the extension request to October 24, 2025.**

If you need additional information or have any questions, please contact me by telephone at **720-665-0836**, or by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
