Dear Jocelyn,

RE: Baculite Mesa, LLC - Baculite Mesa Pit
M.L.R.B. Permit # M-1997-011

On behalf of our client Baculite Mesa LLC, I am requesting an extension for filing the Corrective Action Technical Revision noted in the June 8, 2025 inspection report that is due Monday, September 1, 2025 to Wednesday, October 29, 2025. We have ordered a new survey for the Permit area and a map of the current disturbed area in the SE corner or the permit area. The surveyors say it will be a minimum of 6 to 8 weeks before they can complete the field work and mapping. I will need a little time after that to finish the TR once I have their maps. We plan to keep after them to get it done sooner and will submit the TR as soon as we have the maps.

Thank you for your help and if you have any questions please call me at (303) 423-7297.

Sincerely,
Environment, Inc.
