Re: Request for Extension – Succession of Operators Transfer Application for Lamar Speculator Pit, Permit No. M-1987-079.

Dear Ms. Armstrong,

We respectfully request a two-week extension on the response for the Notice of Incompleteness received July 10, 2025, for the Succession of Operators Transfer application submitted on July 3, 2025, for the Lamar Speculator Pit, Permit No. M-1987-079.

This additional time will allow us to compile and submit the necessary supplemental information to ensure the application meets all requirements for completeness. We remain committed to working collaboratively with the Division and appreciate your consideration of this request.

Please let us know if any formal documentation is required to process this extension or if there are additional steps we should take.

Sincerely,

Sara Weimer
