2025 Annual Report

Notes:

Please refer to the 2025 Annual Report Map for the location of areas described in this text and the annual report form.

(9) No new area was disturbed this year. Mining continued in the area partially mined in 2024 and moved into the area stripped in 2024. The northern slope will continue to develop as mining progresses.

(13) No reclamation required at this time, but temporary sloping is done if the working face will be left for more than 180 days.

(14) Weed control was done this year on the disturbed area. The Southern Colorado Ag Services treated the mine area on July 10, 2025. "Opensight" & "Soy Stick" was used at a rate of 2.20 oz per acre on the mine where needed.

(19) The bond is adequate to complete reclamation according to the May 17, 2023 inspection report.
