**RE: Flying Triangle Ranch Pit - File No. M-2008-018,
Technical Revision (TR-1)
Request For Technical Revision**

Dear Grady Ely:

On September 9, 2025, the Division of Reclamation, Mining and Safety received your 112c Construction Materials Reclamation Permit Technical Revision application for the Flying Triangle Ranch Pit, which is located in Moffat County. Preliminary review of the information received determined that the following additional information must be received before the Division can consider your application complete and technical review can begin. Thus, your application is incomplete for the purposes of filing as of September 10, 2025.

1. The required Technical Revision Request Form was not attached with the Revision Fee provided. Nor were any supporting documents describing the Revision attached. Please provide these for the Division.

You have thirty (30) days from September 10, 2025 to submit all necessary documents that the Division needs for the application to be considered filed. If, at the end of the thirty day period, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me by telephone at (720) 868-7757, or by email at Hunter.ridley@state.co.us.

Sincerely,

Hunter C. Ridley
