**Re: Notice of Outstanding Corrective Action, Robinson Sons Gravel Pit No. 1, Permit No. M-2008- 076**

Mr. Robinson:

On September 11, 2025, the Division of Reclamation, Mining and Safety (Division/DRMS) received your email containing photos of the grading and re-seeding work that you have initiated and completed within the last year. This work was in response to the following inspection problem cited during the Division's April 15, 2024 inspection report:

**INSPECTION TOPIC:** Gen. Compliance With Mine Plan

**PROBLEM:** The current mine and reclamation plans and maps need to be updated and clarified pursuant to C.R.S. 34-32.5-112. The Operator must provide sufficient information to describe or identify how the Operator intends to conduct the operation.

**CORRECTIVE ACTIONS:** The Operator shall submit a Technical Revision, with the required \$216 revision fee, to update and clarify the current approved mine plan to reflect existing and proposed activities by the corrective action date.

**CORRECTIVE ACTION DUE DATE:** 5/20/24

The Division appreciates the reclamation work that has been done, however, the affected area near the road that was being used as a truck turn-around still needs to be shown on the reclamation plan map. Additionally, the reclamation plan/reclamation work that has been done, needs to be added to the currently approved Reclamation Plan exhibit.

Therefore, a Technical Revision application to update the approved Reclamation Plan and Reclamation Plan Map to document the area near the road and provide plans/descriptions of the reclamation within that area is still required. Please submit a Technical Revision application to address this issue by **Wednesday October 15, 2025**. If the Division does not receive a complete application by the aforementioned date, the Division may pursue enforcement actions.

If you have any questions, please send me an email at [amber.gibson@state.co.us](mailto:amber.gibson@state.co.us) or call at 720-836-0967.

Sincerely,

A handwritten signature in blue ink, appearing to read "Amber M. Gibson".

Amber M. Gibson  
Environmental Protection Specialist, DRMS
