Rob,

Delta County is officially requesting an extension for the corrective actions. The Road & Bridge Department is responsible for completing corrective actions, and is currently in the middle of paving season. We would like to ask for the corrective actions due in 3 months (December).

Thanks,

Tim McCracken*County Engineer, Engineering*

Hello, Tim -

The Division approves the extension to December 5, 2025 for the following corrective actions associated with the Ellison Pit, permit M1978-170:

- Submitting a Technical Revision to improve the permit exhibits
- Addressing the weed problem at this site
- Adding boundary markers

Good luck with your paving operations and making progress with these corrective actions.

Rob
