Patrick,

Thank you again for speaking with me today. I have sent you the OneDrive link with the supporting evidence I have. Attached is the aerial of where I witnessed them mining from and images 041525-9, 15, 19 in the link I sent are the photos. I will be in touch later with our Environmental Health team to see if they would like to attend a inspection.

Best,

Hi Nicole,

I appreciate the attachment noting where the activities are taking place.

I was able to download the photos and video. Could you please send me the contact information you have for the individuals that are performing the work at the site?

Also, I wanted to verify, I don't know if you know or could find out, that this operation has not applied for or received a grading permit per the IGA between DRMS and Weld County?

Thanks again for all your help.

Patrick

Patrick,

I apologize, I forgot to include their contact info:

- Jim Glenn (970-531-2128), DgrGlennrealty@yahoo.com
- Ken Evans (970-531-8719) ken@pei-corp.com

There have been no permits applied for by the property owners. I also sent you the pre-application meeting from Fort Lupton noting that the property owners would like to engage in mining on the site.

Best,

Nicole Brick

Thanks for the contact info and letting me know about the no permit applications being filed.

I got the video and will review it when I get more time.

Lastly, once I hear back from you after your meeting with the EHS team we will go over next steps.

Patrick
