Hi Jocelyn,

I would like to request an extension to get you the updated map and TR.

I have forwarded here my most recent communication from Ken Kclo with Azurite and it sounds like he is in a position now to get it done for us. If something comes up in the next few days where hes not able to do it, I will get someone else from the list you sent me to work on it.

Thanks,

Nathan Tezak

Subject: Re: TR

Another 30 days will be more than adequate. If I can't have this done in the next few days I'll let you know. Thanks for your patience.

Also,

I completely understand the situation you are going through and if you would like me to get someone else to help us with this TR just let me know and let me know if you have any recommendations.

Thanks

Subject: TR

Nathan,

Last night was another rough one for us. I didn't get the TR narrative completed and will need to work on it after I get to town today. You might consider requesting another extension which will give me time to modify the mine plan map. I am sorry that I haven't been able to get to this but Janet's condition has deteriorated in the last few days and I am not doing so well myself. If drms will give you another extension I will make sure to get it done. They won't approve a request from me without an official

letter from you stating that Azurite is an agent for Tezak Stone and Aggregate Supply, Inc. Might be quickest to send your request via email. I will be in Salida for the next couple of days and should be available.

Regards,
Ken

Hi Nathan,

I am happy to approve an extension for the TR submission date; please provide an exact date or amount of time needed to submit the TR application packet.

Thanks,

Jocelyn

Can we put the extension out until 11/25/25

I will remember that as it is my birthday and we should have it done much sooner than that.

Thank you

Hi Nathan,

Please see the attached approval letter for the corrective action due date for submitting the TR.

Thanks,

Jocelyn
