Mr. Marshall,

We, ARC McClane Canyon, LLC, are requesting by way of this email an Extension of the Maintenance Item Deadline until January 09, 2026.

The primary reason for this Extension is to allow us to dedicate our resources to initiate and complete the remedial work in light of our other obligations to our active production operations.

Arrangements are underway to have the required equipment and personnel on site to achieve this January 09, 2026, goal.

We plan to work as diligently as the weather and ground conditions will allow.

If additional information or clarification is required, please advise me accordingly.

Thank you,

David Darko
