Re: Whitewater permit M-1977-129

Travis,

Whitewater is requesting a partial release from Division of Reclamation, Mining and Safety for Stage 2 Part B of the above permit. As you know we requested a release of this stage last year and believe we have addressed the DRMS concerns raised in that inspection with TR 05.

Whitewater feels all applicable portions of the Reclamation Plan as they pertain to the partial release requested at the mine known as the Whitewater Pit 500, M-1977-129 have been completed and are in accordance with the rules and requirements of the Act.

The property is owned by James McCurter and I've included a map showing this stage.

Sincerely

A handwritten signature in blue ink, appearing to read "Mark Gardner".

Mark Gardner VP
Whitewater Building Materials Corp.
