**Re: Loloff Construction Inc., Loloff Mine, Permit No. M-1985-112**  
**Exposed Water Compliance Process**

**Mr. Hays:**

Pursuant to your e-mail of March 27, 2012 and on behalf of Loloff Construction Inc., I am requesting an extension of the deadline of April 2, 2012 to file a technical revision, which was set in your letter of February 2, 2012. Loloff intends to file a proposed alternate plan to address the long term groundwater augmentation of the Loloff Pit rather than the slurry wall option.

I believe an extension to and including May 2, 2012 should be sufficient for Loloff to develop and submit an alternative plan.

Sincerely,

**LAWRENCE JONES CUSTER GRASMICK LLP**
