Timm,

I received the attached comment letter from SHPO on Friday (M-80-244AM10SHPOcomments.pdf). The third paragraph references agreements made to document five sites within the AM09 permit area, specifically the Level II documentation for the Simms Ore Sorting House, and that it was scheduled to be finished in 2009.

Are you familiar with this issue, and can you provide a status update? I've also attached the two 2008 letters Mr. Nichols references in his comment letter from last week.
